St. John's Episcopal Church
YOUTH POLICY –Adopted January 11, 2011
Standards and Practical Applications

I. Adherence to Policies of Diocese of Arkansas

As a congregation of the Episcopal Church in the Diocese of Arkansas, the membership of St. John's Episcopal Church, Fort Smith are initially bound to adhere to the policies established in the document "To Respect the Dignity of Every Human Being" (revised July 30, 2008) and to any revisions made thereafter. Secondary to these are the additional policies deemed necessary at the local level at St. John's Episcopal Church, Fort Smith.

II. Purpose, Rationale, and Scope

Relationships among people are at the foundation of Christian ministry and are central to the life of the church. Relationships in ministry should always be experienced as caring and without intention to do harm or allow harm to occur. St. John's Episcopal Church is committed to creating and promoting positive, nurturing environments for our ministries -- environments that especially protect children and youth from abuse, our adult sponsors from misunderstandings, and the Church's reputation in the world.

Policies, standards and codes of conduct are meant to assist in defining healthy and safe relationships as well as behaviors and practices that allow the church to demonstrate love and compassion to children and youth in sincere and genuine relationships. These standards and practical applications, approved by Vestry in June 2009, are guidelines for creating and maintaining safe environments at all church events and activities.

All adults ministering to children and youth at parish and/or diocesan events and activities are required to review and agree to adhere to these Standards before serving St. John's Episcopal Church in any ministry with children or youth.

These Standards and Practical Applications cover four areas:

IV. Appropriate expressions of affection, V. Inter-actions with children and youth, VI. Screening of employees and volunteers, and VII. Monitoring events and activities. All four areas are key components of creating the safest possible environment for ministry with children and youth and are not intended to be "all inclusive" for every situation.

III. Definition of Terms

The following are included as definitions for the purposes of this policy:

Child - A child is defined as anyone under the age of 12 years.

Youth - Anyone who is at least 12 years old, but not yet 18 years old. A youth may also be an individual who is 18 years old or older, but still in High School.

Incapacitated Adult - is a person of at least 18 years old who by virtue of physical or mental impairment is responsible to others for their care and safety.

Physical Abuse - is non-accidental injury, which is intentionally inflicted upon a child, youth or incapacitated adult.

Sexual abuse - is any contact or activity of a sexual nature that occurs between a child, youth or incapacitated adult and an adult. This includes any activity which is meant to arouse or gratify the sexual desires of the adult, child, youth, or incapacitated adult.

Sexual abuse perpetrated by another child or youth is any contact or activity of a sexual nature that occurs between a child or youth and another child or youth when there is no consent, when consent is not possible, or when one child or youth has power over the other child or youth. This includes any activity which is meant to arouse or gratify the sexual desires of any of the children or youth.

Emotional Abuse - is mental or emotional injury to a child, youth or incapacitated adult that results in an observable and material impairment in the growth, development or psychological functioning.

Neglect - is the failure to provide for a child, youth or incapacitated adult's basic needs or the failure to protect a child, youth or incapacitated adult from harm.

IV. Appropriate Expressions

A. Boundaries

1. Love and affection are part of church life and ministry. There are many ways to demonstrate affection while maintaining positive and safe boundaries with children and youth.
2. When creating safe boundaries for children and youth, it is important to establish what expressions of affection are appropriate and what are inappropriate. Stating which behaviors are appropriate and inappropriate allows those who minister with children and youth to comfortably show positive affection in ministry, and identify individuals who are not maintaining safe boundaries with children or youth. These standards are based, in large part, on the knowledge of what behaviors child molesters are known to use to groom children or youth and their parents or guardians for future abuse as well as behaviors that can be, in and of themselves, abuse.

B. Standards

Standards of positive and appropriate forms of affection and inappropriate forms of affection will be covered in training and are to be carefully followed by all adults working around or with children or youth.
